CONSUMPTION CURED!

CANCHALAGUA;

FOR THE COMPLETE CURE OF

Coughs, Colds, Influenza, Asthma, Bronchitis, spitting of Blood, and all other Lung Complaints tending to CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be above. A remedy for the complete cure of all those affections of the Throat and Lungs which, if neglected, always end in CONSUMPTION. It is not a ribless, catch penny article, made just to sell, like many of the common nostrums of the day, but it is a strictly scientific Preparation—the original receipt having been furnished by an eminent Physician, the late Prof Rogers, and that still further improved by one of the present proprietors, who is himself a regular educated Physician, a graduate of the University of Pennsylvania. It is composed of the choicest articles in the vegetable kingdom, most of them of long tried value, and established reputation, and some of them entirely new, particularly the CANCHALAGUA, a plant of most wonderful medicinal virtues, lately introduced into this country from California. The Recipe has been shown to thousands of Physicians who have universally approved of it, and will be shown to any Physician who desires to see it, upon application either to the Proprietors or their Agents. It has been used in multitudes of cases, and is strongly recommended by Physicians, even Professors in our Medical Colleges, Ministers of the Gospel, Judges, Lawyers, Merchants, Mechanics, &c.—a conclusive proof that there is no quackery or deception about it, but that it is a medicine of most uncommon virtue and efficacy.

PAMPHLETS

As an ordinary sized advertisement can begin to do justice to the merits of this article, the Proprietors have embodied in a pamphlet form the history of this Medicine—the description and names of its principal ingredients—the effects they are designed to have upon the human system—and above all the incalculable amount of good which it has done. They design to circulate this pamphlet extensively, but should any one be overlooked, they are earnestly desired to call upon the Agents named below, and procure one gratis. The hints on page 7th may be worth to yourself or family THOUSANDS OF DOLLARS, and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible.

Such being our confidence in its virtues, we are willing to warrant the Medicine in every recent case, (if used according to the directions,) and where the person is not satisfied that he is not deriving benefit from it, by returning the bottle within 24 hours' time

THE MONEY

will be refunded. ☞See page 3d of the Pamphlet.

For sale wholesale and retail by A L SCOVILL & CO, Proprietors, at their Principal Office, No 63 Warren St, New York, to whom all orders for the Medicine and letters relating to agencies should be addressed, post paid.

☞Be sure to ask for Dr. A. Rogers's Syrup of LIVERWORT, TAR and CANCHALAGUA, and let no other be palmed on to you.

Caution.—None genuine unless there is on the outside wrapper a note of hand signed with a Pen, by A L SCOVILL & CO.

For sale in Bangor, by LADD & INGRAHAM. Also—for sale by G McFARLAND, SARGENT & EMERSON, H B HALL, Bangor, Horace Bunker, Orono, R F Kensell, Oldtown, A J French, Dexter.

☞The Following Letter from the Superintendent of the Maine Telegraph Company is another proof of the superiority of JOHN E WILDER'S Safe over all others—

BANGOR Oct 24, 1849

John E Wilder Esq—

Dear Sir—The Safe I purchased of you was exposed to a great degree of heat at the burning of the Telegraph Office in this city. It was in the fire six hours, the books and papers were uninjured, and the damage to the Safe very slight, although it fell from the attic story to the basement of the building. The little repairs necessary to the Safe have been made, and we shall not need to return it. It is still as good as new.

Another Life Saved.

Read the following letter from a Clergyman of Camden Me., to the Editor of the GOSPEL BANNER.—

DOWN'S ELIXIR,—A CURE.

BR DREW—being anxious to do good to my fellow beings, as I have means and opportunity, I wish to state, through the Banner, that in my sickness last winter and spring, I received very great benefit from the use of N H DOWN'S ELIXIR.

I had been troubled some weeks with a severe cold, which so affected the vocal organs that it was with great difficulty I discharged the duties of my office. My cold continued until I was completely prostrated by bleeding which created a dry, hard cough. My appetite failed, my strength wasted, and my flesh disappeared. Being [illegible] Balsam of Wild Cherry recommended in the Banner I procured a bottle and commenced taking it, and continued its use until I had taken three bottles, when I became satisfied that it contained opium, making a large amount of physic necessary, and also contracting the very organs that it should be relaxed. I used other kinds of patent medicines, but with no good effect. Seven weeks I continued gradually to sink under my disease, at the expiration of which time I was extremely weak, my skin dry and husky, and my feet and hands cold most of the time. I had a dull, heavy pain between my shoulders, and a distressing pain at the pit of my stomach. My tongue was coated with a thick white fur, bowels very irregular and costive, hectic fever, night sweats, dry hard cough, difficulty of breathing and low spirits. My stomach at this time was so poor, and weak that it was with difficulty I could stand erect. This was my situation when I commenced the use of N H DOWN'S ELIXIR.—And to my great joy, and the greater joy of my friends,—I found that the use of it a few days had regulated my bowels, equalized the circulation and produced a healthy moisture upon the skin. I used three bottles in two weeks, which entirely removed the soreness and weakness from my stomach, gave me a good appetite, and greatly improved my strength. I continued its use six weeks, using six bottles, at which time I was able to resume my ministerial labors. I have since recommended it to a large number and have never known it to fail of doing good where the directions were followed.

I have given it to my children in colds and in a case of measles, and it has proved all it is recommended to be.

I therefore cheerfully recommend N H DOWN'S VEGETABLE BALSAMIC ELIXIR to all who are afflicted with any of the diseases for which it is recommended. Yours truly, J L [illegible]

Camden August 1849

Facts deduced from the foregoing letter.

1st. Down's Elixir is laxative—during costiveness while other medicine increases that difficulty.

2d. It is perspirant. It equalizes the circulation—restores a healthy moisture to the skin, and vigor and tone to the system.

3d. It removes soreness and weakness from the stomach—gives a good appetite, and restores strength to the system.

4th. It cures colds—is an effectual remedy for the measles, and proves ALL IT IS RECOMMENDED TO BE.

It is sold by Druggists and dealers in medicine throughout the country, and at wholesale and retail at proprietor's prices by DAVID BUGBEE & CO, WING & LADD, CURTIS & PERKINS, A F GUILD, WM MANN, G McFARLAND, Bangor; J S Smith, J W Curtis & Co, Hampden; Chas John son, J B Chick, Frankfort; H P Fifield, Bucksport; J Hooper Jr, S P Hatch & Co, Castine; B Nourse, Geo Parcher, Ellsworth; E P Butler & Co, Orono; J & R Fisk, H & J Y Richardson, Oldtown; Wm O Poor, Belfast; Chas A Macomber, [illegible] Slocomb, East Thomaston.

THE VEGETABLE PULMONARY BALSAM

Is the Most Highly Approved and Popular Standard Medicine now in General Use for

COUGHS, COLDS AND CONSUMPTIONS, *Asthma, Pleurisy, Phthisic, Spitting of Blood, Hooping Cough, Bronchitis,* and all Pulmonary Affections, and Diseases of the Lungs and Chest.

It is thus spoken of by eminent above complaints it is superior to any other preparation used." Another—"It has been used with wonderful success, and has an eminent kind of medicine used." Another—"I can with confidence recommend it." Another—"It has been used with complete success and I unhesitatingly pronounce it a valuable medicine." Another—"It is a safe, convenient, and very efficacious medicine." Another—"It has never, to my knowledge, disappointed the reasonable expectations of those who have used it." Another—"It is equal if not superior to any other medicine within my knowledge."

Extract from a letter dated Dayton, Ill., April 12, 1849—"It was first introduced into my family by a celebrated Physician, some ten years ago, and such was the benefit my wife derived from it that we have not been without it in our house since. I have also recommended it to at least fifty different persons of a single case in which it did not give immediate relief, and I do not know of one who was cured after being given up by their Physicians."

☞BEWARE OF COUNTERFEITS AND IMITATIONS, such as CARTER'S COMPOUND PULMONARY BALSAM, AMERICAN PULMONARY BALSAM, and others, in part bearing the name. Enquire for the article by its whole name, the

"VEGETABLE PULMONARY BALSAM," and see that it has the written signature of WM JOHN CUTLER upon a yellow label on the bottle wrap and seal is stamped "Vegetable Pulmonary Balsam."

Prepared by REED & CUTLER, Importers and Wholesale Dealers in Medicines, Paints, Chemicals, and Dye Stuffs, 33 India Street, Boston, and sold by Druggists, Apothecaries, and Country Merchants generally. For particulars and recommendations see a pamphlet accompanying each bottle. Price 50 cents.

PATENTS

American and Foreign Office.

AGENCY FOR BUSINESS

With U. S. Patent Office.

WASHINGTON

NO. 22 STATE STREET, BOSTON.

IN 1840 the subscriber was appointed by the Commissioner of Patents Agent of the U S Patent Office, in accordance with the 10th Sec of Act of '37.

Having relinquished the Agency for the transmission of Models and adopted a more expeditious mode of sending them to the Patent Office *where by a Patent may be procured about six weeks earlier* he continues to forward them free of expense—to prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, and to render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of verbally explaining their inventions and of consulting in respect to them, *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of sixteen years practice, an extensive collection of rare works, decisions, &c on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

R H EDDY, Solicitor of Patents

WASHINGTON, JULY 21, 1849.—During the time I occupied the Office of Commissioner of Patents R H EDDY Esq of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any persons acting in that capacity who had so much business before the Patent Office, and there were none who conducted it with more skill, fidelity and success. I regard Mr Eddy as one of the best informed and most skillful Patent Solicitors in the United States, and have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

HONEY! HONEY!!

BY BEES FED.

WHO ever supposed that the management of Bees and the making of it ney would be rendered a certain and profitable business? Yet it has been, and can now be done by all wishing to engage in the business.

A citizen of this State has invented a mode of treatment by which Bees can be managed without difficulty and at a small expense, honey made at the rate of from three to four hundred pounds per swarm, each season. The right of adopting and using this mode has been secured by Letters Patent, and the subscriber has purchased that right for the County of Penobscot, so that he now offers the same to others either by town or individual rights as may best suit purchasers, and on such terms as bring it within the reach of all wishing to engage in it.

The advantages gained by this Patent, are—

1st, A perfect command of the Bees and a large increase of the swarms, without the trouble of hiving.

2d, A full security against the danger of robbing by neighboring Bees.

3d, The honey is of a better quality and much more in quantity per swarm, than has ever been made by Bees managed in any other manner. This is done by feeding, as by that means the Bees not only rendered independent of flowers for his support, but able to give his whole time to the work of making and storing his honey.

4th, The opportunity is afforded of taking the honey at any time without disturbing the hives.

Lastly. It furnishes a fine opportunity for all professional men of small salary to make a good addition to their income and to aged persons and persons of feeble health to support themselves independently and that too with little or no labor.

Such being the advantages gained by this Patent the subscriber recommends it to the public and assures all wishing to purchase that on trial they will find it answering their highest expectations.

His residence is at this place, where he will be happy to answer all those who may address him (post paid) on the subject.

GREAT IMPROVEMENT IN

Planing, Tonguing, and Grooving Lumber.

JOSEPH P. WOODBURY'S

Patent Planing Machine

THE subscriber having received Letters Patent for a stationary Cutter, Planing, Tonguing and Grooving Machine, now offers for sale Machines and Rights to use the same. This machine will plane 6,000 feet of boards to any uniform thickness in one hour producing a better finished surface than it is possible to plane by any other means now known, not excepting the hand plane, and is peculiarly adapted to plane and joint clapboards, or weather boarding, and will do the work faster and better than any machine heretofore invented. This machine is so arranged that it planes the board with an unbroken shaving the whole width and length of the material and does not take more than two thirds the power that is required to do an equal amount of work by the Rotary Cutting Cylinder now in common use. The construction and organization of this machine is different from any other now in use. Communications for further particulars cheerfully responded to by addressing the subscriber (post paid) Boston, Mass.

Abdominal Supporter.

☞WILSON'S IMPROVED PATENT.

THE subscriber, having purchased the right of selling the above instrument for the County of Penobscot, hereby cautions all persons against selling any other supporter in general and *Fitches in particular*, being an infringement on Wilson's Patent, granted May 26, 1843 for twenty years, *and a reward of ten dollars* will be paid to any person who will furnish sufficient evidence to sustain an action of trespass against the above right after this date.

This improved Supporter has but recently been fairly before the public. The right for selling it is offered on condition that in case it is not what it purports to be the purchase money will be refunded.

In Constipation of the Bowels, Prolapsus Uteri, "Falling or bearing down" of the Womb, Fluor Albus, Sinking at the Stomach, Weakness and Pains in the Side and Small of the Back, there is probably not a more effective remedy.

This Supporter should and doubtless will be in the hands of every scientific Surgeon and Physician. It is a mechanical aid, and will perform that which medicine fails to achieve.

The attention of Physicians and Surgeons throughout this county is invited to the above instrument, and rights will be sold to towns and districts and Supporters furnished on the most reasonable terms. For a single Truss price $5 0

Physicians in the country may communicate post paid giving the number of towns and inhabitants for which they wish to purchase the right and terms will be promptly given and a Supporter sent as a sample, if requested for examination.

MONDAY, FEBRUARY 11, 1850.

☞ A very deep interest seems to have been felt in Washington, on the occasion of Mr. Clay's addressing the Senate on the slavery question. The Senate chamber was crowded to its utmost capacity. The galleries were full, to suffocation by 11 o'clock. All the anterooms and entrances were also crowded, the ladies finding their way even upon the floor of the chamber. Mr. Clay never had a larger audience or received a greater compliment than in such an attendance. Many were present from New York, Philadelphia, Baltimore and Richmond, to hear the great speech. He spake upon it during a portion of two days, and the brief summary which has come to hand increases the desire to read the entire speech. It will exert a beneficial influence over the public mind, and will in some measure calm the feelings of exasperation which have been excited upon the slavery question.

The Washington correspondent of the New York Express says:

Mr. Clay in the midst of his dazzling blaze of beauty, in the presence of both houses of Congress (for the other House adjourned to hear him) and surrounded by an eager throng of the distinguished men of the Nation, conscious, too, that each word he spoke will be instantaneously whispered by the tell tale lightning wires to the four corners of this vast Republic. He speaks as calmly, and each word is as well weighed and assigned to its appropriate place as a link in the chain of argument by which he is endeavoring to convince the two great divisions of the Union of the propriety and necessity of mutual conciliation, instead of rushing into the hazards of civil war. He is apparently no more excited than if he were quietly endeavoring to calm the heated passions of a friend at his own fireside, by words of sage advice.

The value of this calmness under the peculiar extraordinary and exciting circumstances cannot be valued. It will if I am not mistaken, exert an influence upon thinking men from both North and South who were present in that chamber, which will go far towards creating a predisposition to amicable settlement. It is almost impossible to discuss his positions at this moment, and in such brief space—but I cannot forbear to mention one or two, although you will doubtless have the speech by telegraph.

Mr. Cass and his doctrine that Congress has no power to legislate for the Territories, appears to be utterly annihilitated. If, said Mr. Clay, the Government have not this power which it has exercised for more than 50 years, we may well begin to doubt any power of the General Government, and begin a retrograde march back to chaos and anarchy.

But there is doubt whether under the guaranties of the Constitution, we have a right to legislate upon slavery. The entire north would deny that slavery could be created in any territory of the United States, as he would and it seemed, too, as if the converse of that proposition must be denied. Power to legislate upon that subject in one way, implies power to legislate both ways. If it could not be created for the inhabitants of the "Territories," it could not be prohibited to them.

Mr. Clay stated that the people of *New Mexico regarded any alliances with Texas with a feeling of abhorence.*

The Hon. of Texas replied it was only that such a feeling.

Mr. Clay, then perhaps they are all office seekers, (much laughter) he proceeded to say that his resolution made the declaration that slavery did not exist in those territories, and it seemed beyond all question that it would never exist there. These were great facts existing in the belief of every body, who knew anything about the matter—why flinch from declaring them to the world.

He knew the vital importance attached to the Proviso by the North, but he submitted it to them whether since circumstances seemed to render its enactment unnecessary, since California was disposed to become a Free State, and New Mexico would doubtless in good time evince the same disposition, the wishes of their constituents might not have undergone a change.

What do the North want? exclaimed Mr. Clay in thunder tone. What will you have? slavery restricted? you have that already.—California has done it, and the rest of the territory will follow her lead—can you ask more? This question is debatable so far as slavery is concerned outside of the States, but within, you are treading upon sacred ground, when that is attempted, *civil war*, awful as it is, is the remedy. Let not that day come, gentlemen of the north. We have admitted that slavery is wrong, an unavoidable evil, entailed upon us by our ancestors. In defending it, as defend it we must, with the bravery of desperation, for in it our lives, our interests, and our friends are indissolubly bound up; Yes, in defending it, we shall be without the sympathy of any portion of the civilized world.

As to leaving these matters to the decision of the Supreme Court, he would say that they were questions too large to be submitted to that Tribunal. This might not be one—but he thought it could be better settled by the great Legislative authorities of the country.

☞ The Gardiner Fountain states that the hill at the south part of the town, through which the Railroad track is now being graded, caved in on Tuesday last, from the side, upon an Irishman by the name of James Cahill, killing him instantly Mr C. was a young man of good habits, and leaves a wife and one child.

A letter writer under date of San Francisco, Nov. 9, says: 'I saw some houses the other day which had tobacco in boxes *for underpinnings*. It has been sold as low as two or three cents a pound.'

☞ The Boston Traveller says—Capt Kimball, of the California Packet, is completely lionised by the Bostonians. The Company are busily engaged in making preparations for their departure.

☞ The Boston papers speak of the large quantities of smelts being received from Hampden. They are pronounced of an excellent quality. They are taken in nets and sent to Boston by steamboat.

☞ Lord Brougham has been exhibiting the electrical light from the battlements of his chateau, at Cannes, illuminating the surrounding scenery, to the great delight of the country people.

☞ The English have demanded the annexation of two small islands, to their Ionian possessions. The Greek government, to whom they belong, has refused to give them up.

A western editor, in praising the girls of his district, says they occasionally ride a tame wolf to meeting.

Mr Earle of Worcester stated at the recent agricultural meeting in Boston that the St Michael pear does better on a quince stalk than most other varieties, and when so grafted, he had never known it to blast. He thought the cultivation of pears would eventually be nearly as profitable as peaches. They can be brought into bearing nearly as soon, and will bring as much on the average, if the best kinds are selected and cultivated.

The Newburyport Herald says,—"We believe no town in the country is so noted for the enterprise and wealth of its mechanics as Worcester. We have been told that there are thirty or forty mechanics in that town who have made large fortunes within the last seven years by an extension of their business and supplying distant markets."

Mr. Spear, editor of the Prisoners' Friend, recently visited a Quaker meeting, and gave the brethren a dressing down for hiding their light under a bushel. This waked the ire of the brethren, and a general "shake" was decided on. The scene was so dramatic that the editor of the Friend began to fear they would *Shake-Speare* on the spot, says the Lowell Courier.

☞ Samuel J Varney, Esq. has purchased the establishment of the Lowell Daily Journal and Courier one of the best Whig papers in New England; and continues the service of John H. Warland, Esq. as editor. Under this arrangement the Courier will continue to deserve and to win the popular favor.

The officers at Fort McHenry, a correspondent of the Washington Union says, have been reprimanded by the War Department for degrading the service, using men in uniform, attached to their command, as Postillions on several sleighing excursions throughout the city.

A model duel is at present the talk of Paris. One member of the Chamber of Deputies sent another member a bullet in a neat paper box, with his card; the other returned the compliment by sending another bullet in a mahogany box. After this exchange of bullets, the antagonists declared their honors to be satisfied.

An association has been formed at San Francisco for the relief of the poor, and several public meetings held, at which the distresses of unfortunate emigrants, constantly arriving there were pointed out.

A memorial has been presented to the Town Council, praying that a City Hospital may be erected for the relief of the unfortunate.

A Washington despatch of 6th inst, says that intelligence from Florida has reached the War Department that another conference had been held with the Seminoles on the 21st, which terminated quite satisfactorily. The emigration prospects are looked upon as being much more favorable.

Fire in Providence.—The Tape Factory belonging to Ephraim Martin, on Jenkins street, was destroyed by fire Tuesday morning, between 4 and 5 o'clock. The building was just property was insured at the People's Office, in Worcester, Mass.

A new brig of 210 tons burthen, called the Louisa, has just been launched at Cincinnati. She will sail in a few days for Salem, Mass., and thence with a cargo to the coast of Africa. This is the third vessel built in Ohio, now engaged in the trade with the African Coast from Salem.

An infidel at St Louis, has pledged $10 a year to a Sabbath school, not because he cares anything about the children, but because the improvement in their behavior on the Sabbath, has released him from various annoyances, which he values at $10 a year!

A fire-proof calico is now made for children, by immersion in phosphate of magnesia. It will ignite by contact with flame, but the fire will not spread; it goes out immediately.

☞ Mr F A Gerrish, has been appointed by the Postmaster General, Route Agent on the Railroad line from Boston, via Portsmouth, to Portland, in place of Mr G W Clark.

A telegraphic despatch from Washington states that the mother of the Hon. Mr. Venable, Representative from North Carolina, died very suddenly on Monday night in consequence of her clothes taking fire. She was shockingly burned.

The Mexican papers announce the death of Pena Y, Pena President *ad interim* of Mexico, at the time of concluding the treaty of peace with that country.

☞ Some farmers in Massachusetts who have recently turned their attention to the raising of fruit, now get more profit from their orchards than they formerly did from their whole farms.

The Secretary of the Navy has addressed a Circular to the senior officers of the American Navy, inquiring their views of the punishment of flogging—whether it can safely be dispensed with, and what mode of enforcing discipline can be adopted in its place.

☞ As the stage was passing through Wiscasset, a son of Daniel Brown, aged about eight years, got on behind, and as the stage slewed around a corner, was precipitated against a stone post, and his brains immediately dashed out.

☞ A resolution has passed the Senate, calling on the President for the correspondence relative to the Nicaragua and Central American negotiations.

The Washington letter writers say that the President's levees are crowded and very brilliant, and that Mrs Bliss is one of the chief attractions of these assemblies.

☞ The Boston Post says, it is stated that a manufacturer of six barrel pistols, has made a profit of $150,000 the past year, by the demand for these articles for California.

☞ A Peace Convention is to be held in Augusta on the 13th inst, which will be addressed by Elihu Burritt, Amasa Walker, and others.

Free Bank System.

The New York Tribune, in an article berating the stationary policy of the State of New Jersey in respect to various interests, accords the merit of pre-eminence in utility in the New York Free Bank System, in the following terms:

"While other States have been strengthening the basis of their Currencies respectively by requiring their Banks to deposit ample securities in the public chest and receive their bills countersigned therefrom, at the same time abandoning the system of special charters for one of equal and free permission to all who have the disposition and the means to engage in Banking, New Jersey still clings to the old out-worn system of special charters procured by the skilful administration of Champagne and Oysters to the legislators *pro tem*, with securities duly bespoken in the charter but often utterly absent from any other tangible abiding place. Hence swindling bankers find within her borders the most tempting field in the exercise of their professional skill; hence business men of other States, who have a genius for disbursing more money than they can easily borrow, find their account in buying up each his Jersey bank, and emitting money without limit or check for which he pays no interest and the public has no reliable security. If his business prospers, his bank enables him to make a great fortune rapidly; and if a reverse comes, his Bank blows up and his creditors may whistle for their money. Between this and the Free Banking system, with convertible security in the public coffers instead of a poetical supposition thereof in the banker's private chest, there would seem to be no room for comparison as to safety; yet Jersey Bank Presidents shake it for her and make her imagine that she is thinking which answers the same end. She ponders vacantly and does nothing.

Incidents of the Explosion in New York.

The individual named 'West,' is probably a lad, who was so slightly injured that he walked home unaided. He was rescued in the forenoon by Mr. Vanderpool, of No. 15 Engine, who furnished him with an old fire coat, and he started for the residence of his parents, who as he stated, resided on the corner of Spring and Mulberry streets. His name was George West, aged about 15 and worked in the hat shop.

Joseph Anable, 244 South Second-st. Williamsburgh, escaped with slight injury to his right leg and went home. His son Robert, 15 years old, who worked in the same room (hat shop) is still missing. John C. King, machinist, was taken to his boarding house. His son, a young man about 24 years old, named Halsey King, also a machinist, is likewise missing.

A curious incident occurred in relation to Geridet. An old man with his grey hairs streaming in the wind and the tears running down his wit ered cheeks, said he saw a coat hanging on a burning beam that he thought was his son's. It turned out to be so, and he thought he had surely perished. At this very time the poor fellow was in the station house among the wounded.

Wm. De'ander, reported as among the missing, fortunately escaped alive. He is, however, severely injured, being cut, scalled and bruised.

The boy, James Powers, also at first reported among the missing, is found to have had a strange and miraculous escape. The boy reports that he was blown through one of the windows of the building, and alighted on the adjoining roof, receiving but slight injuries.—He then escaped from his new position, and hurried home to narrate his wonderful escape.

Another boy was just entering the building at the time of the fatal explosion, but he had the presence of mind to retreat with such haste that he escaped without a single injury. So narrow, however, was his escape, that a portion he carried his dinner.

Mr. A. E. Martindale, who was employed by Mr. Burr, the hatter, was engaged in weighing out fur for the hatters on the basement floor in front of the boiler, when the explosion took place. He recollects the sound, but was thrown senseless on the floor, and when he recovered his senses he found himself on his back, his knees drawn up, and a beam lying just over his head, and other timbers were so close to him that he was unable to rise up, but on turning his head he saw a gleam of light, and on creeping on his hands and feet, he managed to get out through a hole just space enough to admit his body. On crawling out he observed a man likewise making his way out the same way. This proved to be Mr. Canfield, belonging to the machine shop.

Indiana. A few days before the adjournment of the Legislature of this State, the following joint resolution was adopted by it:

Sect. 1. *Be it resolved by the General Assembly of the State of Indiana*, That our Senators in Congress be instructed, and our Representatives requested, so to cast their votes, and exert their influence, as to have engrafted upon any law that may be passed for the organization of the territory recently acquired from Mexico, a provision forever excluding from such territory, Slavery and Involuntary Servitude, otherwise than in the punishment of crimes whereof the party has been duly convicted.

§ 2. *Be it further resolved*, That his Excellency the Governor, be requested to forward to each of our Senators and Representatives in Congress, copies of this joint resolution, at his earliest convenience.

We find the following paragraph concerning the Maine girls in an Arkansas paper:

It was said to be no uncommon thing to find beautiful girls in the State of Maine, running wild, subsisting on berries and acorns. When a girl wants to get married, she makes for the woods where she roves about until a young man goes on a wife hunt. He catches sight of a girl and gives chase. She runs, and the young man throws a lasso, by which she is caught. He then takes her on his shoulders, carries her to the highway, where he has a carriage ready, ties her feet and hands together, and takes her home. A minister is sent for, and they are married. The knot being tied, the young woman becomes perfectly docile and submissive.

Coal. A correspondent at East Machias writes: 'Strong indications of coal have been discovered on East Machias River, about twelve miles above the village of East Machias; principally in township No 19, owned by Ovil Burrill Esq. Immense ledges of a kind of slate rock have long been known to exist in that region, but did not excite much interest until lately, a gentleman procured a sample; sent it to New York and had it examined, and it was pronounced 'coal cap.' The question will be settled in the spring by through examination.—Belfast Journal.

☞ The Selma (Ala) Reporter has a short, but pithy article upon the course taken by Senator Clemens, and sums up the case as follows:

On the whole, we are inclined to believe Senator Clemens is entirely too officious for a young member, and is in great danger of being as notorious in that respect as that worthy from Mississippi, Senator Foote.

The Mobile advertiser copies the article, and adds—

'Those are our sentiments.'

A despatch from Toronto of the 5th inst. states that Earl Grey's anti-annexation despatch is condemned and meets with ridicule.

To the Editor of the Whig & Courier:

The first poetic effusion ever produced on American soil originated in a circumstance which was handsomely explained by one of the full bloods of the Jibawa or (as we call them the) Chipewa's. All those who have witnessed the performances of the Indians of the far West recently in our city must recollect the cradle and the mode in which the Indians bring up their children. Soon, after our forefathers landed at Plymouth, some of the young people went out into a field where Indian women were picking strawberries, and observed several cradles hung upon the boughs of trees with the infants fastened upon them, a novel and curious sight to any European. A gentle breeze sprang up which gentle waved the crable to and fro;—A young man, one of the party, pealed off a piece of birch bark and upon the spot wrote the following, which has been repeated thousands of times by thousands of American matrons very few of which ever knew or cared for its origin.

Lul-a-by-baby, upon the tree top;
When the wind blows the cradle will rock,
When the bough breaks, the cradle will fall,
And down came Lul-a-by, baby and all.

The above facts were take some years since from the archives of the ancient historical society in Boston by your humble servant.

Luther on Dancing. In the life of Martin Luther, by M. Audin, an elegant French writer, the following opinion of dancing is quoted from the reformer: "Is dancing sinful?" his disciples asked him. He replied, "Was not dancing allowed to the Jews?" I am not able to say; but one thing is certain—people dance now-a-days. Dancing is a necessity of our state, like dress with women, and like dinner or supper. And, indeed, I do not see how dancing can be prohibited. If people commit sin, it is not the fault of the dance, which does not offend against faith or charity. Dance, then, my children.

Plants in Pots. Your camellia does not bloom because it did not set any flower buds last spring when it made it its growth for the season, and it probably did not form buds then from the want of proper soil or water at that time. It is precisely during the two or three weeks *while it is growing*; that it requires especial care. At that time, plenty of water, air, and sun, and twice a week some guano water, will give you an abundance of flowers next spring.—Horticulturist.

The Vermont Windsor Journal man, has always been opposed to dancing, till recently he has heard of a new cotillion, where the gent. kisses the lady when he turns the corner, he thinks he should like to indulge. The Free Press says he reminds one of the old lady who had an unaccountable aversion to *rye* and never could eat it in any form till late years, she said, "they've got to making it into *whiskey*, and I find I *can*, now and then, *worry down a leetle!*"

Mr Hubbard of Alabama, we see under the organization of a Democratic Committee is aiming a blow at the fishing bounties, and through them at the fisheries of New England which are the nurseries of *our seamen*, who are our most reliable men whenever the freedom of the seas are endangered.—N Y. Express.

Powell, in his Diving Authors of England, says: "It may be safely predicated, by any one accustomed to look philosophically at the movements of time, that it is reserved for the American republic to shield her great parent, England herself, from the assaults of the old despotisms."

Augustus Saint Cooke one day to the wit, "how do you contrive to infuse so much *iron-y* into your epistolary compositions?" "I find not the least difficulty in that," replied Sam, "for I always write with a *steel* pen."

One of our contributor friends tells a good story of a Yankee missionary, who not succeeding as well as he could wish in converting the heathen, made a contract to *run the car of Juggernaut by steam.*

An exchange paper quotes from Paul's writings, "owe no man anything," and then adds, "we fear that some of our subscribers never read Paul's Epistles."

The Boston Mail states upon high authority, that Judge Shaw will convene the supreme court in March for the trial of Prof. Webster.

☞ There was a warm and copious rain here on Saturday and Sunday.

We learn from the Lowell Courier that the members of the Lowell Brass Band are about presenting to Mr. Hall, their leader a gold bugle worth not far from a thousand dollars.—The gold for this instrument has been purchased in New York, at a cost of about six hundred dollars, and is in the hands of Mr. E. G. Wright, the musical instrument maker in Boston. The article will be ready in about a month. It is believed to be the first gold bugle ever made in the United States, if not in the world.—Boston Journal.

The El Dorado.—Young men are still flocking to the Gold Diggings, and every thing they need for an outfit can be got at Oak Hall, Boston.—There is no place in Boston where you can find a larger assortment of outfitting goods, or at more reasonable prices.

PEACE CONVENTION.

The friends of Peace, in this State, will hold a Convention at AUGUSTA, Feb. 13, at 10 o'clock, A. M. A delegation of the American Peace Committee, consisting of

ELIHU BURRITT, Esq.,

Hon. Amasa Walker, and others, will be present. It is earnestly desired that the friends of Peace will come from all parts of the State and together speak a great word for Peace. May we not hope that every Town, Church, and Literary Institution in the State may be fully represented. Come, friends of Religion and Humanity, and let us take counsel together.

BLISS'S COMPOUND COD LIVER OIL CANDY.

For the Cure of Coughs, Colds, Influenza, Hoarseness, Bronchitis, Catarrh, Tickling in the Throat, and all Lung and Bronchial Affections.

THE WONDERFUL curative powers of Cod Liver Oil in all cases of Cough, Colds and Consumption, have been clearly demonstrated by the most experienced physicians in Europe and this country. Its peculiar virtues are already too well known to need any description here. The nausea and disgust which many people experience in swallowing the Oil in its usual form of administration is entirely obviated by the discovery of the mode of preparing it in the form of most AGREABLE CANDY, possessing and preserving all the medicinal qualities of the Pure Cod Liver Oil without its nauseous and repulsive taste. The powerful curative principles of the Oil being thus retained, and combined with other healing and harmless ingredients, justly celebrated for their efficacy in the above mentioned complaints, forms one of the most soothing Cough Remedies, and remedial agents for staying the advance of Consumption that has ever been discovered. This *Candy* needs but a fair trial to convince the skeptical of its excellence. Public speakers and vocalists will find it an excellent article for removing obstruction from the throat and clearing the voice.

N. B.—Be particular and enquire for "Bliss's Cod Liver Oil Candy," and observe the signature of the proprietor on each package.

Prepared and sold by D. K. BLISS, Druggist, sole Proprietor, Springfield, Mass.

ARRIVAL OF THE EUROPA.

Two weeks later from Europe.

Packet Ship Hottinger wrecked.—Captain and twelve men lost.

The Europa, Capt. Lott, arrived at Halifax about 7 o'clock Friday evening, bringing 14 days later dates from Europe.

The Liverpool date is Jan. 26.

The most important news appears to be the change in price of cotton, and account of the loss of the packet ship Hottinger, with Capt. Bursley and 12 others persons.

The splendid New York packet ship Hottinger, Capt. Bursley, has fallen a prey to the fury of the elements; and from the tenor of the last accounts respecting her, a melancholy loss of life attended the disaster. She sailed from Liverpool for New York on the 10th January. She had 25 cabin and steerage passengers, together with the captain and crew of 30 men and boys, and had a very full freight of various descriptions of goods. She had only passed as far as Blackwater Bank, which is off the coast of Wexford, Ireland, when she struck on one of those dangerous ledges of rocks which lie concealed in that quarter. This occured on the morning of the 12th. On the occurence of this mishap, a part of the crew, and all the passengers were sent ashore. Capt B. and 13 of his men remained on board, determined not to leave the ship while there was the remotest chance of saving her. On the following morning the ship floated off Blackwater Bank, and run away before the wind and struck on Arklow Bank, where she afterwards went to pieces and sad to relate, Capt. B, and 12 of the noble band who determined to see the last of the ship met with a watery grave. Capt. B's son, who was on board up till the time she struck, is a passenger on board the Europa.

It is said the want of money prevents the Pope from returning to his capital, and that France has offered funds to his Holiness. The archbishop of Bourges is said to be the bearer of this offer made in the name of the French episcopacy.

At Berlin negotiations for the treaty of peace with Denmark have been renewed. The Russians having refused diplomatic relations with the Porte, it is expected that the Austrians will not be slow to follow.

☞ We learn that the house, barn and shed in Frankfort, belonging to Mr. Delano, was consumed by fire on Tuesday night last, together with most of the household furniture and goods. No insurance. The family were sick, and are left in quite straightened circumstances, and should receive aid from the benevolent.

☞ The trial of Prof. Webster on the indictment charging him with the murder of Dr Parkman, has been assigned for Tuesday March 19.

The Steamship Ohio with California mails arrived at New York on Saturday morning.

Congress.

WASHINGTON, Feb. 8.

In the Senate. Mr Davis, of Massachusetts, advocated the reception of petition for the abolition of slavery, but not for the dissolution of the Union.

Messrs Foote and Hale had a personal discussion—a personal facetious sparring. Mr Foote said Mr Hale merited expulsion, but he should not move it. He took back his former threat, towards him, as he had now no idea of hanging him.

Mr Seward moved to refer the question of reception to the Judiciary Committee, with instructions to report.

The subject was then laid over for the special order—the resolutions of compromise presented by Mr Clay—which were taken up. Mr Houston occupied the attention of the Senate for two hours and a half, in expressing his views, which were conservative and moderate, earnestly and impressively delivered, and in favor of the Union. Mr Berrien next had the floor. Adjourned till Monday.

In the House the Revenue bill was under consideration to-day, in Committee of the Whole. Speeches were made by Messrs. Holmes, Brooks, and Bayly, also several five minute speeches. The amendments proposed were acted upon to conclusion, and at 5 minutes before 5 o'clock the Committee rose, and the House adjourned to Monday.

☞ JOB PRINTING of all kinds—Pamphlets, Catalogues, Shop Bills, Bank Checks, Placards, Concert Bills, Visiting and Business Cards, Posters, &c., &c.—neatly and promptly executed at This Office, upon moderate terms.

Theatre in Bangor.

SCENE NEAR THE BANGOR HOUSE.

A Southerner on a tour through Maine, arrives near the Bangor House, on a very disagreeable Winter's day, shivering and shaking with cold.

ACT 1st.

Southerner.—Can you tell me, stranger, where I can obtain some relief, in the way of refreshment for this cold which seems to penetrate my inmost vitals, and given the palsy-stroke, and the quiver of the aspen leaf?

Citizen.—Give up, sir, at once, all idea of partaking of beverages which lead directly, or remotely to inebriation. Instead of this, permit me to conduct you to the far-famed Oyster Saloon of George Farrington, where a supply of his rich and unsurpassed Oyster Soups, all hot and fragrant—steaming, will speedily chase away the winter's chills and send a delightful glow of pleasurable health, through the innumerable channels of your system, making you feel more than the master of kingdoms!

Southerner.—Right, friend! Your poetical and philosophical prescription shall be observed. I yield myself to your guidance.

Citizen.—Here, sir, is the most popular establishment of our popular city. Walk in! your visit has been anticipated by our friend Farrington, and the glow of emphatic satisfaction is enthroned on his countenance. Try the prescription and you will soon be transformed into your former self.

While you are enjoying the pleasurable titillations of the palate which these savory, bivalve products allow me to say to you that you and all others, visiting our city, should call at this Saloon for Oyster Soup, or if you prefer them in larger quantities for home use, they may here be obtained of the best quality. Farrington keeps supplied with fresh and prime Oysters. His place, here, is at the head of Kenduskeag Bridge, just turn down from John Low's, not new, but "Old Market," which is now known to be everlastingly solid, firm, and well established. Here the he best Oysters and the most savoury and delicate Oyster Soups may be found, of any spot in all this broad land.

The Compound Bloodroot Candy,

...PREPARED BY...
G. McFARLAND,
— And for sale at —
No. 6 Main Street,
Is superior to any other for the cure of
COLDS, COUGHS, &C.

AND is warranted not to contain a particle of OPIUM or any of its preparations

It loosens a Cough and cures it permanently in the shortest possible time

To try it, will best prove its superior efficacy This Candy has the same medicinal virtues as the *Compound Bloodroot Syrup*, which has been *demonstrated* and is *known* by the numerous sufferers who have been restored to health by its use, to be the VERY BEST

Medicine for Lung Complaints,
IN THE WORLD.

I can produce any number of respectable witnesses to testify to the merits of the
COUGH SYRUP,
which I have, for some years, furnished to the inhabitants of Bangor and vicinity, and the
Compound Bloodroot Syrup
is about the same article, having undergone some alterations which experience has shown to be an improvement

The Candy made from this Syrup, is not so strong but is very pleasant and freely eaten by children.

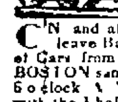
LINCOLN STAGE HOUSE.



THIS House has recently undergone extensive alterations and repairs and is now open for the accommodation of the public by the subscribers.

They flatter themselves, that they will be able to provide as spacious and convenient apartments as may be desired—the recent improvements having had special reference to that object.

Private families who may wish to spend a few days or weeks in this village, will be amply accommodated.

The House has also been elegantly furnished throughout with new furniture, and no pains will be spared by the subscribers to furnish their guests with everything for the comfort and convenience.

Connected with this House is a large and commodious Stable which has also been improved and repaired where may always be found an experienced faithful Ostler. Horses and carriages furnished for all who may want.

The subscribers tender their services to the public and intend by keeping a first rate House, and attending faithfully to their business, to merit a liberal share of patronage.

HALLOWELL HOUSE,
HALLOWELL MAINE.

THE subscriber respectfully announces to his friends and the public that he has leased this well known Hotel and has made many important improvements and repairs.

The house has been newly furnished throughout in a manner that will compare with any other establishment on the Kennebec. It is his determination to make it one of the best resorts for the travelling public that can be found in this section of the country.

Gentlemen with their families and members of the State Legislature will be furnished with superior accommodations. The proprietor hopes by personal politeness and attention to merit the support and confidence of the public. Connected with the House is a good Stable where careful and experienced Ostlers will always be in attendance.

COLUMBIAN UNIVERSAL STRENGTHENING PLASTER.

THESE Plasters will be found a cure for *weakness* and lameness in the *side back* or *stomach*, *stitches* and *all rheumatic affections* in the *side, back* or *limbs*, and for all purposes where a *plaster is needed, they have no superior if indeed an equal.*

They are beautifully spread on *prepared cloth* and sold for a price which is a mere trifle compared to the great length of time they will last and the comfort they afford. If they become wrinkled they may be taken off and *cleansed* of sweat and dust and again applied, and thus used for *three or six months.*

They are also spread on *firm, strong paper* and sold for 12½ cents and are by far the best poor man's plaster ever sold.

IMPORTANT
TO OWNERS OF HORSES AND CATTLE

DILLOWS CELEBRATED HEAVE CURE AND UNIVERSAL CONDITION MEDICINE, is universally admitted to be a sure specific in the following diseases in HORSES and CATTLE. In Horses—Heaves, Coughs, Colds, Glanders, Horse Distemper, Hide Bound, Worms, Bots, Scurvy and Scab, In Cattle—Botts, Staggers, Loss of Cud, Horn Distemper, Black Tongue, Colds Cough, &c. On trial these powders will be found to be the best renovating medicine extant for all herbivorous animals, as they operate directly (in smaller doses) upon the secretive glands and humors of the blood, and when horses and cattle are dull and stupid and while the hair presents a rough and staring appearance, or while they are changing their coat—at such times a few doses will be found indispensably necessary to bring them into proper condition.
☞Give the article a trial, and it will recommend itself.

DILLOW'S GREEN OINTMENT,
For Founder, Scratches, Mange or Scab, Diseases of the Foot, Saddle and Harness Galls, Swelled Legs and Grease, and for all cases where a healing ointment is needed.

To the Farmer, Dairyman, Wool Grower and Groom this Ointment is an indispensable article—in proof of which numerous certificates of its efficacy could be given, but it is not necessary as it will stand entirely on its own merits.
☞For certificates and particulars, see circulars left with agents.

PERFECT HEALTH,
A LIFE SAVED!

Most Wonderful Cure of a man 80 years of Age.
In the month of November, 1848, I was attacked with inflammation in my great toe, which soon broke out in a running sore. *Mortification ensued* and the first joint of my toe came off. At this time I was under the care of the best physician in the county—my family had been told that I *must prepare to die*—that no doubt I should not live but a short time. I then used Hunt's Liniment, which soon healed my toe, and I believe it saved my life. I am 80 years of age, and make this public that every human being may know the value of this great medicine.

Extraordinary case of Hip and Spinal Disease
SOMERS, WESTCHESTER Co, N Y, Aug 27, 1848
Gent—It is with much pleasure that I make known to you the great benefit I have derived from the use of Hunt's Liniment. About 6 years ago I was injured by a horse, in the HIP and SPINE so badly that I could not move without the aid of Crutches.

I grew gradually worse for Four Years, although under the care of two successful Physicians who finally gave up my case as hopeless. My Hip gathered and broke and continued a running sore, and I was suffering with such severe pain that I could not rest or sleep. At this stage of the disease I commenced using Hunt's Liniment, which at once gave me relief. I used about 20 Bottles, during the past year, and now entirely healed, I am free from pain, and only use a cane in walking. I think the use of your Liniment saved my Life and has made me comparatively a well man. My whole neighborhood can testify as to my sufferings and the cure.
Yours truly,
BARNABUS BEADLE.

FORESTDALE, VERMONT, March 19, 1849
Sir—The demand for your Liniment has increased rapidly of late, it has been used with great success in SPINAL complaints. A neighbor of mine was completely disabled from pains in the back, and the use of a large bottle of Hunt's Liniment completely cured him and he is now in his usual health, this is only one of many cases, that have been cured in this neighborhood.
Yours &c,
N S DORNIN

BRIDGEPORT, CONN, August, 1848
Dear Sir—Please send me about the quantity of a gallon of Hunt's Liniment prepared by you. I have had reason to test its qualities in a case of Spinal Affection and much relief has been obtained from the application to the parts affected.
I consider it a very valuable article for the purposes for which it was intended.

Dr. Townsend's
COMPOUND EXTRACT OF
SARSAPARILLA,
Wonder and Blessing of the Age
THE MOST EXTRAORDINARY MEDICINE IN THE WORLD!

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted superior to any sold. It cures without vomiting, purging, sickening, or debilitating the Patient

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease it invigorates the body. It is one of the very best *SPRING AND SUMMER MEDICINES* ever known; it not only purifies the whole system and strengthens the person, but it *creates new, pure and rich blood*; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15,000 were considered incurable. It has saved the lives of more than 10,000 children during the two past seasons.

10,000 CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY.

Dr Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations, premature decay and decline, hastening toward that fatal disease, Consumption, can be entirely restored by this pleasant remedy. This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,
As it renews and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree.

CONSUMPTION CURED.
Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Colds, Catarrh, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse Expectoration, Pain in the Side, &c. have been and can be cured.

SPITTING BLOOD.
New York, April 23, 1847
Dr. Townsend—I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood and my cough has left me. You can well imagine that I am thankful for these results.
Your obedient servant,
WM. RUSSELL, 65 Catherine st.

RHEUMATISM.
This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:
Blackwell's Island, Sept 14, 1847
Dr Townsend—Dear Sir: I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.
Yours, respectfully,
JAMES CUMMINGS

FITS! FITS! FITS!
Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester County.
Fordham, August 13, 1847
Dr Townsend—Dear Sir: I have a little girl, seven years of age, who has been several years afflicted with Fits. We tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful.
Yours, respectfully,
JOHN BUTLER, Jr.

FEMALE MEDICINE
Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri or Falling of the Womb, Costiveness, Piles, Leucorrhea or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes, produced by irregularity, illness, or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine healthy offspring.

TO MOTHERS AND MARRIED LADIES.
This extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all the delicate diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

GREAT BLESSING TO MOTHERS AND CHILDREN.
It is the safest and most effectual medicine for purifying the system, and relieving the sufferings attendant upon child birth ever discovered. It strengthens both the mother and child, prevents pain and disease, increases and enriches the food—those who have used it think it is indispensable. It is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal. The great beauty of this medicine is, it is always safe, and the most delicate use it most successfully, very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always ensure a safe and easy confinement.

BEAUTY AND HEALTH.
Cosmetics, Chalk, and a variety of preparations generally in use when applied to the face very soon spoil it of its beauty. They close the pores of the skin and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production in the "human face divine," as well as in the garden of rich and delicately tinted and variegated flowers. A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities, is that which paints the countenance in the most exquisite beauty. It is that which imparts the indescribable shades and flashes of loveliness that all admire, but none can describe. This beauty is the offspring of nature—not of powder or soap. If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful. If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating.

This is the reason why the southern, and especially the Spanish ladies, are so much admired. Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexions, they should use Dr. Townsend's Sarsaparilla. Thousands who have tried it, are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.
Those that imitate Dr Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females*, &c, &c, and have copied our bills and circulars which relate to the complaints of women word for word—other men who put up medicine have since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are injurious to females, as they aggravate disease and undermine the constitution.

SCROFULA CURED.
This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood...

Dr. Townsend, Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores, have taken only four bottles, it took them away, for which I feel myself under great obligation.
Yours respectfully,
ISAAC W. CRAIN, 106 Wooster st.

OPINIONS OF PHYSICIANS
Dr. Townsend is almost daily receiving orders from physicians in different parts of the Union.
This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c. They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements—they are worthless imitations, and should be avoided.

McKENNEY'S
COSSACK SALVE!!
An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs, Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin, and all Scrofulous Diseases, Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains, or Chapped hands, Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles, Corns, Warts, and Common Sores and Cuts and Bruises of all kinds.

In bringing this article before the Public, we are aware that we labor under no small disadvantage, amidst the multitude of "All-Healing Ointments" and "Panaceas" that are now advertised as the "*most effectual*" and *certain cures* for all diseases indiscriminately to which man or animals are subject.

A history of this Salve and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing.

We would only add that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and healing properties.

To say, indeed, that we do not expect to realize handsome remuneration for our services, would be alike useless and untrue. But we flatter ourselves that it, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent.

As we have already intimated we do not and shall not call to our aid the empty "*puffing* of the *Press*," or the bought certificates of individuals, and shall make use of them only so far as they have been or hereafter may be, entirely *voluntary* and *unsolicited.*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties. To say less, were injustice to ourselves—to say more would be superfluous.

Here are some of the many Certificates—
The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee. After using many remedies without success I applied some Salve obtained of Mr A. M. McKenny and continued its application until I had used six bottles which entirely cured me, and I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success.
LEVI ORANN
Dexter, (Maine) May, 1846.

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success which cost me about forty dollars, I bought 14 oz of JOSIAH McKENNEY'S SALVE, which effected an entire cure in less than two months.

BANGOR, June 5, 1846
Mr. McKenney—In going into the woods in the autumn of 1845 with the charge of quite a number of men, for the winter lumbering operation, I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and bruises, and I found it to my great satisfaction, that it was an invaluable article. I had made application of it in cases of Cuts, Sprains and Bruises upon my cattle and found it equally beneficial. It can truly be called the All Healing Salve.

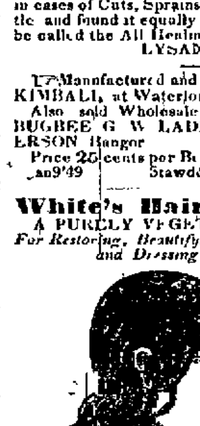
White's Hair Restorative;
A PURELY VEGETABLE COMPOUND
For Restoring, Beautifying, Cleansing, Softening, and Dressing THE HAIR



THIS elegant preparation is that taking the place of all other articles in use, for restoring and dressing the Hair. It prevents the Hair from falling off, promotes its growth, removes dandruff, and restores the natural and luxuriant growth of the Hair. It is also a sovereign remedy for all the diseases of the scalp. It gives the Hair a brilliant, glossy lustre, a silken texture, and a healthy, vigorous appearance. No Lady's toilet can be complete without this inimitable article.

RECOMMENDATION.
[Certificate of Dr Perry, Portsmouth, N H]
PORTSMOUTH, Sept 29, 1849
Mr J P Morse, Agent for "White's Hair Restorative"
Dear Sir—I deem it my duty to state some facts respecting the inestimable value of White's Hair Restorative. Several years ago, after a severe fit of sickness, my wife lost all of her hair, and was almost bald. About a year ago, by another fit of sickness, she lost all her hair a second time, and for a long time there was apparently no action in the scalp. After various applications I was induced to try the above mentioned Restorative, and now after the use of a few bottles her hair has grown out as thick, as lustrous, and of as beautiful a color as ever. Furthermore, for a long time I have been afflicted with neuralgia and other pains in my head, and I have found it the best external remedy I have ever tried. I can therefore cheerfully recommend it in all who are afflicted as above, as the best article I have ever known.
Most respectfully yours, &c.

Old Papers for sale at this office

If the records of Cures of Scrofula, Cancers, Syphilis and other impure diseases of the Blood—and if the very SMALL QUANTITY which was used of a Medicine to effect Cures of such Diseases be any proof of the purifying medical power in the Medicine which it is admitted and conquered such Diseases—then there is unquestionable evidence that—

BRANT'S INDIAN

is such a Medicine in every respect, and there is abundant proof in *great cures* effected that ONE BOTTLE of it contains *more purifying, healing* virtue and *medical power* than there is contained in *Four Bottles* of any *sarsaparilla* or any *other medicine* that has ever been offered for sale. There is undoubted proof in our pamphlets that by the use of this great *Indian Purifier* they that were DYING yet LIVE—they that were SICK SCROFULOUS, and otherwise diseased, have been HEALED and CURED.

Hundreds—Thousands—

who have used BRANT'S PURIFIER after having used and tested ALL the *sarsaparillas* and other medicines recommended to cure blood diseases, have decided that—

Brant's is the Cheapest,

because the *Bottle* of it has *more* medical curative matter in it, and in consequence, cures *more disease* in much *less time*, than one bottle of any other medicine.

If the ONE *bottle* of BRANT'S PURIFIER will cure FOUR TIMES more disease than one *bottle of sarsaparilla*, BRANT'S PURIFIER would be as *cheap* at *four dollars* a bottle as *sarsaparilla at one dollar*. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle and is as bottle of it *has cured*, and is capable of curing *four times* as much disease as *one bottle of sarsaparilla*, there is an *equivalent* in consequence of its *less* power and less medical efficacy—should be sold at *no more* than *twenty five Cents* per bottle, to be as *cheap* as the Purifier at *One Dollar*.

One Dollar's Worth!

How much DANGER—how much SUFFERING—how much SCROFULA—will *One Dollar's worth of Brant's PURIFIER* cure? Read the following statement which is a specimen of its power.

CANCEROUS SCROFULA!

This is the case of a *Dying man* who *yet lives*. He was cured of a worse case of Scrofula by only *Twelve Bottles* of Brant's Purifier than ever was cured by the use of *Twelve Gallons of the best sarsaparilla* that was ever made. Sarsaparilla has not *sufficient medical power* to effect the cure of such a *revoltingly hopeless case*.

Mr A. B. HASKIN of *Rome, Oneida Co. N. Y.* had *Scrofula four years*—was confined to his bed the *last year*—he was so much diseased and debilitated as to be unable to raise his hand to his head. He had the best medical aid—used *all* of the *best sarsaparillas* to no good effect—got *worse and worse* and was considered to be in a *Dying State*, and could not live *twenty four hours* longer—when he commenced using BRANT'S PURIFIER. His neck was eaten *nearly off* from *ear to ear*—a *hole* was eaten through his *windpipe* under his chin so that he breathed through the hole—a *cat* was so eaten around that it could be *lifted up out* of its place. It only holding by a *small piece*—the use of one *arm* was *destroyed* by two *Ulcers*—an *Ulcer* under the arm as large as a man's *hand* had nearly *eaten through* his side *into his body*. This he was affected in various parts of his person. No further and full particulars, see our *Pamphlets*.

Doct THOMAS WILLIAMS one of the most skilful physicians of Rome, *was called* to see Haskin the *day before* the SECOND bottle of BRANT'S PURIFYING EXTRACT—[illegible] the medicine in the world could not cure him—but his case was

Worse than Hopeless!

Now hear Mr HASKIN'S statement of cure. He said I My wife procured one bottle of BRANT'S PURIFYING EXTRACT—that bottle enabled me to *get out of my bed*—the second bottle enabled me to *get out of the house*—the third bottle enabled me to walk one *mile* and when I had finished using *Nine Bottles* SEVENTEEN out of *Twenty Ulcers* had HEALED up and *three bottles* more effected a perfect cure and restored me to *good health*.

FOURTEEN WITNESSES!
The above facts are certified to by DOCTOR T. WILLIAMS, Mr G. R. BROWN of the *Rome Hotel*, Messrs. RUSSELL & LEONARD, Druggists, and ELEVEN other *respectable inhabitants* of Rome.

CANCERS CURED.

Mr C B KINNEY, merchant, *Clinton, Oneida county*, N. Y., informed us that a cancer-doctor in said county was effecting wonderful cures of CANCERS through the efficacy of BRANT'S PURIFYING EXTRACT. A *cancer-doctor* in Greene county N Y, is also using said PURIFIER. Mr A B STYLES, druggist at Canajoharie, Montgomery county, N Y, has informed us of an important *cure of a Cancer* of long standing, which was effected on an aged lady of that place. I, therefore this PURIFIER *cures Cancer*, by its purifying, healing power, what impure disease of the blood can it not cure! Seven years' experience and triumph says there was none but what it will cure.

FEVER-SORE CURED.

The Rev Richard ...., pastor of the ... Presbyterian church, Adams Basin, Monroe county, N Y, wrote to us "I have just received a letter from Mr CHANNEY Dunning, relative to the cure of his Fever sore. You may depend on what it states for he is a Christian man and an elder in the church. Some years since he had to have one of his *legs cut off*, to save his life in consequence of a Fever sore. The other *leg* soon *afterward* was affected and also is to be amputated. I recommended BRANT'S MEDICINE. Read the result. He says, "*I have used only three* bottles of BRANT'S MEDICINE, *I placed ALL HOPE, from your recommendation, in that Medicine, and I can now say that, with the blessing of God, it has effected a cure of my leg.*" See Pamphlets for full particulars.

LIVER-COMPLAINT!

Dr NATHAN HUBBARD, of *Stamford, Conn* one of the oldest and most respectable physicians, was afflicted with *Liver Complaint* many years, and was *perfectly cured by using BRANT'S PURIFYING EXTRACT.* We could name hundreds of other cases, also cured.

FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been *half so certain and effectual* in restoring ALL the local *weak cases* and *irregularities* of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be *suppression, excess, or other weakness*—it REGULATES ALL by *strengthening the SYSTEM, equalizing the CIRCULATION and soothing and allaying NERVOUS IRRITABILITY.* ☞See pamphlets.

CHANGE OF LIFE,

from the *girl* to the *woman*, and the *woman of middle age*—the one case is *accelerated*, and the other so *gradually suppressed* as to prevent any of the *fatal diseases* that frequently arise in consequence of such change.

Dyspepsia—Sour Stomach!

"ATTICA, Genesee Co, *February 1, 1848*
"M T WALLACE & CO—*Gentlemen* I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great pain, sickness and vomiting and was continually afflicted with a sour stomach. I am an experiment, used one bottle of BRANT'S MEDICINE, which, to my utter disappointment, *eased and relieved the usual pain after eating.* I therefore used a second bottle, which has completely cured the disease. I am now well and hearty, and can eat almost any thing without being pained, or the stomach becoming sour.
"Yours respectfully,
T. S. WILLCOX."
Mr W. Wilcox is a respectable merchant of Attica.

NURSING SORE MOUTH, LUCORRHŒA, &c

"BYRON, GENESEE Co, N Y Oct 19 1847
"Messrs M T WALLACE & CO Some time last winter my wife became so debilitated from the effects of *Leucorrhea* and *Nursing Sore Mouth*, that she could not lift her child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until our skill was exhausted in useless efforts. She became so very a skeleton, that at the time she commenced taking *Brant's Medicine* she weighed no more than ninety five pounds, but by the time she had taken *four* bottles, she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks.
"Yours truly,
S B GALENTINE."

MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a *perfect and thorough eradicator of all the effects of MERCURY* or any of the various preparations of CALOMEL or MERCURY, *from the system*, and it restores the *blood muscles*, and *all the parts diseased*, to their original HEALTHY STATE.

GENERAL DEBILITY OF THE SYSTEM!

Mr A. HOLSTANDER, merchant, *Oberlin, Lorrain Co, Ohio*, wrote, December 19, 1848, and after having praised how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough said "I have personally used BRANT'S PURIFYING EXTRACT, for a general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE the SYSTEM that I have ever used. In every *instance* where we have sold BRANT'S MEDICINES, *they have proved their efficacy, and given the most* SATISFACTION."

SALT RHEUM,
and all impure *chronic diseases of the BLOOD, are always cured by BRANT'S EXTRACT*

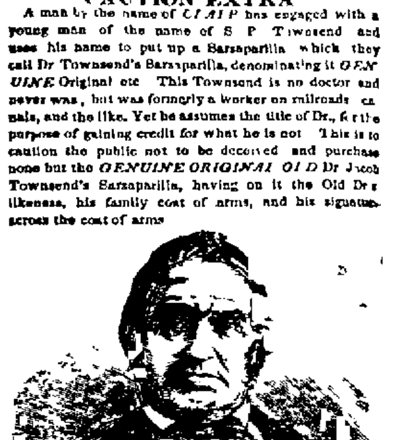
CAUTION EXTRA

A man by the name of CLAPP has engaged with a young man of the name of S P Townsend and uses his name to put up a Sarsaparilla which they call Dr Townsend's Sarsaparilla, denominating it *GENUINE* Original etc. This Townsend is no doctor and never was, but was formerly a worker on railroads canals, and the like. Yet he assumes the title of Dr., for the purpose of gaining credit for what he is not. This is to caution the public not to be deceived and purchase none but the *GENUINE ORIGINAL OLD* Dr Jacob Townsend's Sarsaparilla, having on it the Old Dr's likeness, his family coat of arms, and his signature across the coat of arms



Principal Office, 102 Nassau st. New York City

OLD DR. JACOB TOWNSEND,
THE ORIGINAL DISCOVERER OF THE
Genuine Townsend Sarsaparilla.

Old Dr Townsend is now about 70 years of age and has long been known as the *AUTHOR* and *DISCOVERER* of the *GENUINE ORIGINAL TOWNSEND SARSAPARILLA*. Being poor he was compelled to limit its manufacture by which means it has been kept out of market and the sales circumscribed to those only who had proved its worth and known its value. It had reached the ears of many nevertheless as those persons who had been healed of sore diseases, and saved from death proclaimed its excellence and wonderful

HEALING POWER

Knowing, *many years ago* that he had by his skill science and experience devised an article which would be of incalculable advantage to mankind when the means would be furnished to bring it into universal notice, when its inestimable virtues would be known and appreciated. This time has come the means are supplied, this

GRAND AND UNEQUALLED PREPARATION

is manufactured on the largest scale and is called for throughout the length and breadth of the land especially as it is found incapable of degeneration or deterioration.

Unlike young S P Townsend's, it improves with age, and never changes but for the better, because it is prepared on *scientific principles* by a *scientific man*. The highest knowledge of Chemistry and the latest discoveries of the art have all been brought into requisition in the manufacture of the Old Dr's Sarsaparilla. The Sarsaparilla root, it is well known to medical men contains many medicinal properties and some properties which are inert or useless and others which if retained in preparing it for use, produce *fermentation* and *acid* which is injurious to the system. Some of the properties of Sarsaparilla are so *volatile* that they entirely evaporate and are lost in the preparation if they are not preserved by a *scientific process* known only to those experienced in its manufacture. Moreover these *volatile principles* which fly off in vapor or as an exhalation under heat are the very *essential medical properties* of the root which give to it all its value.

Any person can boil or stew the root till they get a dark colored liquid which is more from the coloring matter in the root than from any thing else; they can then strain this insipid or vapid liquid sweeten with sour molasses and then call it SARSAPARILLA EXTRACT or SYRUP. But such is not the article known as the

GENUINE OLD DR JACOB TOWNSEND'S SARSAPARILLA

This is so prepared that all the inert properties of the Sarsaparilla root are first removed every thing capable of becoming acid or of fermentation is extracted and rejected, then every particle of medicinal virtue is secured in a pure and concentrated form and thus it is rendered incapable of losing any of its valuable and healing properties. Prepared in this way it is made the most powerful agent in the

Cure of innumerable diseases

Hence the reason why we hear commendations on every side in its favor by men women and children. We find it doing wonders in the cure of *CONSUMPTION, DYSPEPSIA* and *LIVER COMPLAINT* and in *RHEUMATISM, SCROFULA, PILES, COSTIVENESS,* all *CUTANEOUS ERUPTIONS, PIMPLES, BLOTCHES* and all affections arising from

IMPURITY OF THE BLOOD

It possesses a marvellous efficacy in all complaints arising from *Indigestion*, from *Acidity of the Stomach*, from unequal circulation, determination of blood to the head, palpitation of the heart, cold feet and hands, cold chills and hot flashes over the body. It has not its equal in *Colds* and *Coughs* and promotes easy expectoration and gentle perspiration relaxing stricture of the lungs, throat and every other part.

But in nothing is its excellence more manifestly seen and acknowledged than in all kinds and stages of

FEMALE COMPLAINTS

It works wonders in cases of *Fluor Albus or Whites*, *Falling of the Womb*, *Obstructed, Suppressed or Painful Menses*, *Irregularity* of the menstrual periods and the like and is as effectual in curing all the forms of *Kidney Disease*.

By removing obstructions and regulating the general system it gives tone and strength to the whole body and thus cures all forms of

Nervous diseases and debility,

and thus prevents or relieves a great variety of other maladies as *Spinal irritation, Neuralgia, St Vitus Dance, Swooning, Epileptic Fits, Convulsions* &c.

It cleanses the blood, excites the liver to healthy action, tones the stomach and gives good digestion, relieves the bowels of torpor and constipation, allays inflammation, purifies the skin, equalizes the circulation of the blood, producing gentle warmth equally all over the body and the insensible perspiration relaxes all strictures and tightness, removes all obstructions and invigorates the entire nervous system. Is not this then

The medicine you pre-eminently need!

But can any of these things be said of S P Townsend's inferior article? This young man's liquid is not to be

COMPARED WITH THE OLD DR'S

because of one GRAND FACT, that the one is INCAPABLE of DETERIORATION and

NEVER SPOILS,

while the other DOES; *souring, fermenting*, and *blowing the bottles* containing it into fragments, the sour, acid liquid exploding and damaging other goods! Must not this horrible compound be poisonous to the system?—*What! put acid into a system already diseased with acid!* What causes Dyspepsia but acid? Do we not all know that when food sours in our stomachs, what mischiefs it produces? flatulence, heartburn, palpitation of the heart, liver complaint, diarrhœa, dysentery, colic, and corruption of the blood? What is Scrofula but an acid humor in the body? What produces all the humors which bring on Eruptions of the Skin, Scald Head, Salt Rheum, Erysipelas, White Swellings, Fever Sores, and all ulcerations internal and external? It is nothing under heaven but an acid substance which sours and thus spoils all the fluids of the body, more or less. What causes Rheumatism but a sour or acid fluid which insinuates itself between the joints and elsewhere, irritating and inflaming the delicate tissues upon which it acts? So of nervous diseases, of impurity of the blood, of deranged circulations and nearly all the ailments which afflict human nature.

Now is it not horrible to make and sell and *infinitely worse* to use this

SOURING, FERMENTING, ACID "COMPOUND" OF S. P. TOWNSEND,

and yet he would fain have it understood that Old Dr Jacob Townsend's *Genuine Original Sarsaparilla* is an IMITATION of his inferior preparation.

Heaven forbid that we should deal in an article which would bear the most distant resemblance to S P Townsend's *article!* and which should bring down upon the Old Dr such a mountain load of complaints and criminations from Agents who have sold, and purchasers who have used S P Townsend's FERMENTING COMPOUND.

We wish it understood because it is the *absolute truth*, that S P Townsend's article and Old Dr Jacob Townsend's Sarsaparilla are *heaven wide apart* and *infinitely dissimilar*, that they are unlike in every particular, having not one single thing in common.

As S P Townsend is no doctor and never was, is no chemist, no pharmaceutist—knows no more of medicine or disease than any other common unscientific unprofessional man, what *guarantee* can the public have that they are receiving a genuine scientific medicine, containing all the virtues of the articles used in preparing it, and which are incapable of changes which might render them the AGENTS of Disease instead of health.

But what else should be expected from one who knows nothing comparatively of medicine or disease? It requires a person of some experience to cook and serve up even a common decent meal. How much more important is it that the persons who manufacture medicine, designed for

WEAK STOMACHS AND ENFEEBLED SYSTEMS

should know well the medical properties of plants, the best manner of securing and concentrating their healing virtues, also an extensive knowledge of the various diseases which affect the human system, and how to adapt remedies to these diseases.

It is to arrest frauds upon the unfortunate, to pour balm into wounded humanity, to kindle hope in the despairing bosom, to restore health and bloom and vigor into the crushed and broken, and to banish infirmity that OLD DR. JACOB TOWNSEND has SOUGHT and FOUND the opportunity and means to bring his

Grand Universal Concentrated Remedy

within the reach and to the knowledge of all who need it, that they may learn and know by joyful experience, its

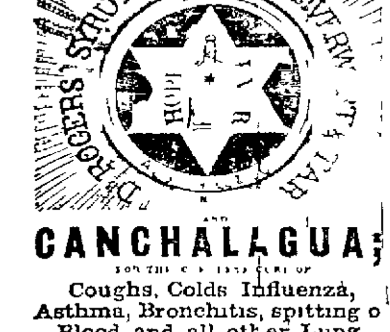
CONSUMPTION CURED!



AND

CANCHALAGUA;
FOR THE CERTAIN CURE OF
Coughs, Colds Influenza,
Asthma, Bronchitis, spitting of
Blood, and all other Lung
Complaints tending to
CONSUMPTION.

READ! READ!!

This medicine is just what it is declared to be above. A remedy for the complete cure of all those affections of the Throat and Lungs which if neglected always end in Consumption. It is no worthless, *catch penny article* made just *to sell* like many of the common syrups of the day, but it is a strictly *scientific Preparation*—the original recipe having been furnished by an eminent Physician, (the late Prof. Rogers) and that still further improved by one of the present proprietors who is himself a *regular educated Physician*, a graduate of the University of Pennsylvania. It is composed of the choicest articles in the vegetable kingdom, most of them of long tried virtue, its vital issue Reputation and some of them *entirely new* and *wonderful* in medical virtues lately introduced into this country from California. The medicine has been shown to thousands of Physicians who have universally approved of it, and will be shown to any Physician who desires to see it upon application either to the Proprietors or their Agents. It has been used in *multitudes of cases* and is strongly recommended by *Physicians*, even Professors in our Medical Colleges, Ministers of the Gospel, Judges, Lawyers, Merchants, Mechanics, &c.—a conclusive proof that there is no *quackery* and deception about it but that it is a medicine of most uncommon virtue and efficacy.

PAMPHLETS

As no ordinary sized advertisement can *begin* to do justice to the merits of this medicine, the Proprietors have caused to be printed the *history* of this Medicine—the *Testimonials* &c. Its principal ingredients—the *effect* they are designed to have upon the human system—and above all the *incalculable amount of good* which it has done. They design to circulate this pamphlet extensively, but should any one be overlooked they are earnestly desired to call upon the Agent named below, and procure one *gratis*. The *Testimonials* &c may be worth to yourself or family THOUSANDS OF DOLLARS, and it will introduce you to a mass of testimony in its favor, which is perfectly irresistible.

Such being our confidence in its virtues, we are willing to *warrant* the Medicine in *every* case. (If used according to the directions) and where the person is not satisfied that he is not deriving benefit from it by returning the bottle within 24 hours time,

THE MONEY

will be refunded. ☞See page 3d of the Pamphlet.
